WORK EXPERIENCE

QUALITY ASSURANCE ENGINEER
WIRECARD INDONESIA   May 2017 - Jun 2019

Developed comprehensive test case documentation to ensure thorough evaluation of software functionality.
• Executed meticulous manual testing procedures to identify and document system discrepancies.
• Crafted and maintained robust automation scripts, enhancing testing efficiency and reliability.

SENIOR QUALITY ASSURANCE ENGINEER   Jul 2019 - Sep 2020
WIRECARD INDONESIA
•Optimized Java-based Test Case Reporting tools to enhance efficiency.
• Engineered innovative Java applications to automate script generation from Excel.
• Provided expert mentorship to new QA personnel in
crafting effective test cases.
• Guided novice QA Engineers in developing automated
tests using Katalon Studio.
• Managed and maintained Automation Reporting
systems via Jenkins.
• Spearheaded the research and development of cutting-
edge testing methodologies and tools.

QUALITY ASSURANCE ENGINEER   Sep 2020 - Dec 2021
CODA PAYMENTS
• Transformed client requirements into detailed Test Cases for comprehensive validation.
• Expertise in Web Application Testing to ensure optimal user experience and functionality.
• Proficient in API Testing to guarantee seamless integration and robust system performance.

QUALITY ASSURANCE FACILITATOR (PART-TIME)   Sep 2022 - Oct 2022
BINAR ACADEMY
• Spearheaded a comprehensive 6-week online QA bootcamp,
 providing expert mentorship and facilitating a robust curriculum encompassing Software Quality Assurance fundamentals, diverse testing types, and methodologies including TDD and BDD.
• Crafted and delivered key learning modules on Test Case Management, effective Bug Reporting, and the intricacies of SDLC, STLC, and Scrum processes during the deployment phase.
• Guided participants through hands-on API Testing,
both manual and automated, utilizing Postman to
reinforce practical skills in a real-world context.

SENIOR SDET   Jan 2022 - October 2025
CODA PAYMENTS
• Transformed project requirements into comprehensive
Test Cases to ensure thorough coverage (BDD approach)
• Expertise in Automation Testing utilizing tools such as
Selenium Java and Cypress with BDD for streamlined processes.
